## BSc Cyber Security Student | Adaptable Team Player | Tech Enthusiast

Dedicated and reliable individual with broad experience across technical support, customer service, and fast-paced team environments. Proven ability to adapt quickly, communicate clearly, and maintain high standards whether working independently or as part of a team. Currently studying Cyber Security at university level, bringing a structured, detail-oriented mindset to every role.

## Experience

### ORI CAFE, JOHN LEWIS

Barista

Cambridge, UK

November 2024 – Present

- Built rapport with 100+ daily customers, delivering friendly and efficient service in a high-volume café environment.
- Balanced 20+ hours of weekly work alongside full-time university studies, demonstrating strong time management and reliability.
- Handled customer inquiries, resolved complaints professionally, and maintained consistently high service standards under pressure.

### EDE & RAVENSCROFT

Photo Editor

Cambridge, UK

June 2025 – August 2025

- Optimised high-volume production by creating custom Photoshop actions, editing 100+ portraits daily.
- Ensured rigorous quality control for professional academic imagery under tight seasonal deadlines.

### Usman Shopping Center,

Salesman

Gujranwala, PK

Jan 2018 – May 2021

- Assisted customers in selecting products, providing personalised recommendations that contributed to consistent achievement of daily sales targets.
- Managed stock levels, cash handling, and daily operations in a busy retail environment.
- Developed strong interpersonal skills through daily face-to-face customer interactions over 3+ years.

### Computer Generation,

Computer Technician

Gujranwala, PK

April 2022 – May 2024

- Diagnosed and repaired hardware faults across desktop PCs and laptops, including CPU, RAM, and component replacements.
- Installed, configured, and troubleshoot Windows OS and software applications for customers.
- Performed systematic fault-finding to identify root causes and deliver efficient repairs.
- Handled an estimated 15+ repair jobs per week, consistently meeting customer turnaround expectations.

## Leadership & Activities

### Computer Science Mentor

Al Umer Public Academy

Gujranwala, PK

March 2020 – August 2023

- Instructed 20+ students in Python and Java fundamentals, resulting in a **95% examination pass rate**.
- Simplified abstract concepts like "Recursion" and "Object-Oriented Programming" for early-stage learners.
- Mentored students on hardware maintenance and troubleshooting, drawing from a personal history of 200+ hardware repairs.

## TECHNICAL PROJECTS

### XpertCv – Automated Recruitment Tool

Lead Developer

- Developed a high-performance Java CLI application using Apache Tika to automate the parsing of unstructured CV data.
- Implemented SQLite for efficient data persistence, reducing manual processing time by an estimated 80%.
- Designed logic to "score" candidates based on keyword matching and semantic analysis.

### Cloud Infrastructure Lab | [lab.mustansar.pro](http://lab.mustansar.pro)

- Built and managed a cloud-hosted environment on Oracle cloud platform.
- Configured secure remote access and virtualized networking to ensure stability for high availability.

## Education

### ANGLIA RUSKIN UNIVERSITY | Cambridge, UK

*BSc (Hons) Cyber Security* | 2024 – Present

- **Performance:** Achieved a First-Class standard ('A' Grade) in all First-Year (Level 4) modules.
- **Key First-Year Grades:** Introduction to Networks (81%), Core Mathematics for Computing (77%), Software Principles (74%), Cyber Crime Fundamentals (74%), System Architecture and Automation (70%).
- **Key Second-Year Grades (To Date):** Network Routing and Switching Essentials (65%).
- **Relevant Coursework:** Cloud and IoT, Principles of Digital Forensics, Network Technologies.

### GIFT UNIVERSITY | Gujranwala, PK

*BSc (Hons) Software Engineering (Partial completion prior to UK relocation)* | 2020 – 2022

- **Overall Performance:** CGPA 3.48 / 4.00 (77.25%)
- **Relevant Coursework:** Introduction to Programming, Object-Oriented Programming, Software Engineering, Data Structures & Algorithms

## Skills & Interests

- **Hardware & Troubleshooting:** Component-level diagnostics, system maintenance, physical hardware repair (200+ successful device repairs).
- **Technical Skills:** Python, Java, SQL (SQLite), Apache Tika, Photoshop (Adobe)
- **IT Environments:** Windows 11, Linux (Ubuntu/Kali), VMware, Git/GitHub, Oracle Cloud
- **Productivity Tools:** Microsoft 365 (Word, Excel, Teams, Outlook, SharePoint)
- **Cybersecurity & Forensics:** Kali Linux, Digital Forensics (FTK, Autopsy), Network Security, GDPR Awareness
- **Languages:** English, Urdu, Hindi, Punjabi
- **Interests:** Cloud Security, AI & Automation, System Security, IoT, Penetration Testing
